

Task 12 : -AI Solution

Name:- Mahima Rao
Company:- Orants Ai

The screenshot shows a web browser window with the URL 127.0.0.1:5500/ai-solutions.html. The page has a dark theme with purple and white text. At the top, there's a navigation bar with icons and links for Home and Consulting. Below the navigation, there's a section titled "AI Solutions" with a sub-section "Process Automation". The "AI Solutions" section contains four cards: "Custom Chatbots & RAG Systems", "Predictive Analytics Models", "NLP & Computer Vision Projects", and "AI-Powered Web & Mobile Apps". The "Process Automation" section contains four cards: "Sales & Marketing Automation", "HR & Recruitment AI Agents", "Finance & Accounting Workflows", and "Customer Support Automation". The bottom of the screen shows a Windows taskbar with various pinned icons and a system tray showing the date and time.

AI Solutions

Our modular AI offerings integrate cognitive models directly into your workflows for measurable ROI.

Custom Chatbots & RAG Systems
Enterprise-grade conversational agents leveraging Retrieval-Augmented Generation for precise, context-aware answers.

Predictive Analytics Models
Data-driven forecasting that reduces risk and anticipates demand shifts in real time.

NLP & Computer Vision Projects
From document understanding to defect detection — transforming unstructured data into action.

AI-Powered Web & Mobile Apps
Apps enhanced by on-device intelligence and adaptive personalization.

Process Automation

Streamline complex operations through intelligent orchestration and decisioning.

Sales & Marketing Automation
Lead scoring, campaign tuning and predictive conversion

HR & Recruitment AI Agents
Automate screening, scheduling and candidate insights ethically.

Finance & Accounting Workflows
Reconciliation bots and anomaly detectors that shorten close

Customer Support Automation
24x7 assistants resolving tickets while maintaining human

The screenshot shows the AI Consulting page. At the top, there's a navigation bar with a logo, a search bar containing "127.0.0.1:5500/ai-consulting.html", and a bookmarks section. Below the header, the main content area features a "AI Solution" logo and a "Home" link. The "Solutions" section is currently active. The page is divided into several sections: "AI Consulting" (with sub-sections like "Enterprise AI Roadmap", "Digital Transformation Strategy", and "AI Infrastructure & MLOps"), "Innovation Labs" (with sub-sections like "Quantum AI Research & Development", "AI Hackathons", "Capstone Projects", and "Startup Builder Program"), and a sidebar with an "Activate Windows" message.

The screenshot shows the Tools and Growth page. The layout is similar to the previous page, with a header, a "Home" link, and an active "Consulting" section. The main content includes a "Tools & Integrations" section with sub-sections for "n8n", "Odoo ERP", and "Data Pipeline Automation". Below this is a "Growth Solutions" section with sub-sections for "AI-Powered Marketing", "Customer Intelligence", and "Predictive Analytics for Growth". A "Tech Stack" section is also present. The bottom of the page includes a "Activate Windows" message and a taskbar with various application icons.

The screenshot shows a dark-themed web browser window with a navigation bar at the top containing various icons and links. The main content area displays a section titled "Growth Solutions" with three cards: "AI-Powered Marketing" (Real-time campaign optimization with creative generation), "Customer Intelligence" (Behavioral clustering and lifetime-value prediction), and "Predictive Analytics for Growth" (Data-driven insights for expansion and retention strategies). Below this is a "Tech Stack" section listing Python, LlamaIndex, TensorFlow Quantum, and Next.js. At the bottom right, there's a "Activate Windows" message.

The screenshot shows a dark-themed web browser window. The address bar displays "127.0.0.1:5500/about.html". The navigation bar includes links for Home, Solutions, About, and Contact. The main content area features a section titled "About Neointellect AI" with a sub-section "Our Mission" containing text about AI-augmented business. A "Our Approach" section follows, mentioning the intersection of technology and creativity. A "Our Values" section is present with a bullet point about innovation. The Windows taskbar at the bottom shows various pinned icons and the date/time as 11/5/2025.

About Neointellect AI

Neointellect AI is a next-generation technology startup specializing in Artificial Intelligence, automation, and human-centric innovation. We blend data science, cognitive computing, and product design to craft intelligent systems that adapt, learn, and evolve with business needs.

Our Mission

We believe the future of business is AI-augmented — where every process, decision, and experience is enhanced by intelligence. Our mission is to democratize advanced AI, making it accessible for startups, enterprises, and researchers to innovate at scale.

Our Approach

We work at the intersection of technology and creativity. From building scalable machine learning pipelines to designing ethical AI frameworks, our team ensures every project delivers measurable impact and long-term value.

Our Values

- **Innovation:** Pushing boundaries through experimentation.
